and produced in the factories with codes 1 to 9. The coded factories are known to the notified body.

is submitted by the manufacturer to the initial type-testing of the product, a factory production control and to the further testing of samples taken at the factory in accordance with a prescribed test plan and that the notified body No. 0958 - SGS INTRON Certificatie B.V. - has performed the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control.

This certificate attests that all provisions concerning the attestation of factory production control described in

ETA 06/0007

were applied.

This certificate was first issued on 1 March 2006 and remains valid as long as the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the factory production control itself are not modified significantly and latest on 1 March 2016.
